

Greeting, SMCC History Fans....with this week's clip, our year-long series of looks back comes to an end....hope you've enjoyed this walk through history, and learned a little something to boot. As we rapidly approach our 30th annual commencement ceremony on **May 14 at 7:30 p.m.**, here's a rooftop view of the first graduation held at our current site in the PAC Amphitheatre, back in 2007. Each year's ceremony has grown, and this year's will see a record number of graduates walking---nearly 200! Hope you choose to be a part of this very special event, as we all gather to celebrate---as we have for three decades---**the students of South Mountain Community College.**
