

Annotated Bibliography of Abortion

Janae Byrd
English 102

Foster, D. G., et al. “Socioeconomic Outcomes of Women Who Receive and Women Who Are Denied Wanted Abortions in the United States.” *American Journal of Public Health*, vol.112, no. 9, Sept. 2022, pp. 1290–96. EBSCOhost,

- Women seeking abortion more likely to end up in poverty
- “Women seeking abortion reported economic hardships at the time of abortion seeking—half (51%) were living below 100% of the federal poverty level” (Foster para 12).
- Effective in the execution and description of results

Langin, K. (2022). Scientists decry reversal of U.S. abortion rights.
Science (American Association for the Advancement of Science)

- Doctors' concerns about the reversal of Roe vs Wade
- “Many other researchers, would be leaving or not pursuing professional opportunities in abortion-restricting states.” (Langin para. 4).
- Effective in provoking certain feelings through logos and ethos.

Roubein, Rachel, and McKenzie Beard. "It was a Pretty Good Election Day for Abortion Rights: Voters Sided with Abortion Rights in Michigan and Kentucky." ProQuest, Nov 09, 2022,

- Americans want abortion access
- "In Republican-leaning Kentucky, an amendment explicitly stating that nothing in the state constitution creates a right to an abortion is projected for defeat with an estimated 86 percent of votes counted." (Roubein para 7).
- Effective in relaying the political shift in Americans who want abortion access.

Grose, Jessica. "Abortion Rights Activists Take a Youthful Turn." *New York Times*, 10 Dec. 2020, p. D1(L). *Gale In Context: Science*.

- Gen Z is going to take a stand for abortion
- “There is some evidence that a slightly greater percentage of Gen Z Americans support abortion rights than previous generations” (Grose para 10).
- Successful in portraying the shift in voice

Comparative Narrative

- In favor of abortion
- Demographic
- Women seeking abortion more likely to face economic hardships
- It should be a choice
